

# Ready to leverage the power of Copilot?

## Let's get you there

*With foundational preparations and training*

Most companies aren't quite ready for Microsoft Copilot. To get the most out of the AI, you need to lay a strong foundation in several areas.

- Data structure and governance
- Cybersecurity
- Generative AI policy
- Team onboarding, training, and adoption plan

It's tough to manage this complexity—especially when **you have your hands full** with day-to-day responsibilities.
